We will begin to buy Turkeys for Thanksgiving about Nov. Fifth, and as Thanksgiving will come early it will be necessary for turkeys intended to be on Thanksgiving market to be sold early.

We will likely quit dressing about a week between time too late for Thanksgiving and Christmas market so no turkeys will have to be frozen, as figure this will help Christmas market. Will want Thanksgiving turkey hens to weigh eight pounds up; young toms to weigh twelve; so would be good idea to feed turkeys well that intend to sell first holiday from now until market opens.

If will market turkeys right, only selling well matured birds first hoilday and hold other for Christmas, we feel that to keep market in good health state forty percent of crop should be sold first holiday and sixty percent Christmas, in doing this we think can maintain good market through season,

Unseen Sources of Long Life

The basic sources of automobile value are not always apparent to the eye.

A motor car, like a house, may LOOK a great deal more substantial than it really is.

Because of this difficulty, more and more thousands are turning to Dodge Brothers product for insurance against disappointment.

The years have proved, and each year proves anew, that Dodge Brothers are as deeply concerned with the UNSEEN goodness of their motor car, as with the seen.

The mileage it will deliver, the safety it will provide, the expense and trouble it will save the owner over a period of years, are quite as important to Dodge Brothers as the more obvious details of equipment and style.
